

SHEEP/GOAT  
**GLU COAT**  
 BY NATURAL SOLUTIONS FOR LIVESTOCK

GLU-Coat for sheep/goats is formulated with a high unique blend of sugars that can speed up rumen activity which helps with appetite and palatability. GLU-Coat for sheep/goats also contains Cell-rate<sup>®</sup> from the makers of Cellarator<sup>®</sup> which supports in the process of cellular replication, supports the animals immune system, helps animals get through stressful periods, and aids in muscle and fat development. Fish oil is also formulated in GLU-Coat for sheep/goats because it contains the highest levels of Omega 3 Fatty Acids which helps maintain quality skin and brighter wool/hair coats. GLU-Coat for sheep/goats can also help to create higher glucose levels which is stored in the body as fat can lay on a hard fat cover giving livestock that bloomy, full, soft look while still maintaining muscle shape and handle that is demanded in the show ring today.

**GUARANTEED  
 ANALYSIS**
